

Reducing Unwanted Mail and Updating Our Consultation Records

We are writing to you about consultations on Forward Planning documents by the Directorate of Planning and Economic Development at Epping Forest District Council. To reduce the volume of unwanted mail and update our records, please fill in the form overleaf and return it to us so that in the future we only contact those who wish to be consulted.

Forward Planning documents will eventually replace the Epping Forest District Local Plan (Adopted 1998) and Local Plan Alterations (Adopted 2006), over the next few years. This is a legal requirement. We are also required to consult people on these documents before they are adopted. They will deal with town and country planning policies and guidance for the development and use of land in Epping Forest District.

Thank you very much for returning the form
