**SMALL BUSINESS RATES RELIEF 2018/19
EXPLANATORY NOTES**

This form is to explain about Small Business Rates Relief, and to enable you to tell the Council if you are eligible for this relief, if you have not already done so. If you were getting Small Business Rates Relief in 2017/18 (and are still eligible), your relief will be awarded automatically; you do not need to fill out another form. If you did not previously qualify please check the rateable value on the front of your bill because the threshold for the relief has increased and you may now qualify. To qualify, one of the following conditions must apply:

- a) You must be occupying one sole or main business property in England with a rateable value shown on the rating list which does not exceed £15,000. If your property has a rateable value of not more than £12,000, you will receive a 100% reduction in your rates bill. If your property has a rateable value greater than £12,000 but not more than £15,000 you will receive a percentage reduction in your rates bill (calculated on a sliding scale)
- b) If you occupy more than one business property, you will still be able to get the relief on one of the properties, provided each of the other properties has a rateable value of less than £2,899, and all the rateable values added together come to less than £19,999 on each day for which relief is sought.

The Government has introduced additional support to small businesses. For those businesses that take on an additional property which would normally have meant the loss of small business rate relief, the Government has confirmed that they will be allowed to keep that relief for a period of 12 months.

Ratepayers who occupy a property with a rateable value which does not exceed £50,999 will have their bills calculated using the lower small business rates multiplier.

You will not be eligible for small business rate relief (or the lower multiplier) if you receive one of the following:

- Mandatory rate relief as a charity
- Rate relief as a village shop, post office, or other business in a rural settlement
- Unoccupied rate relief
