Using your recycling sacks

Contamination – let's cut it out!

- Recycling sacks must only contain the materials listed on page 4.
- Do NOT put any bathroom waste in your recycling sacks. See page 4.

If you contaminate your recycling sack it will not be collected.

Residents will need to ensure that their black residual bin does not contain the following materials:

Food Waste

To be disposed of in the green-lidded food and garden wheelie bin only.

Paper, Cardboard, Metal Tins and Plastic Bottles

To be disposed of in the clear recycling sacks only.

Glass Bottles and Jars

To be disposed of in the blue box only.

If the residual wheelie bin is contaminated with significant quantities of the above recyclable material, it may not be collected.

Please try to recycle as much as you can.

We now have local Bring bank sites located across the district for your paper, card, tins, plastic bottles and glass.
