

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF EPPING FOREST DISTRICT COUNCIL

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

In our opinion the financial statements of Epping Forest District Council ('the Authority') and its subsidiaries ('the Group'):

- give a true and fair view of the financial position of the Group and of the Authority as at 31 March 2021 and of the Group's and of the Authority's expenditure and income for the year then ended; and
- have been properly prepared in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2020/21.

We have audited the financial statements which comprise:

- the Group and Authority Comprehensive Income and Expenditure Statements;
- the Group and Authority Balance Sheets;
- the Group and Authority Movement in Reserves Statements;
- the Group and Authority Cash Flow Statements;
- the Housing Revenue Account Income and Expenditure Statement;
- the Movement on the Housing Revenue Account Balance Statement;
- the Collection Fund; and
- the related notes to the financial statements including a summary of significant accounting policies.

The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting (2020/21).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK) the Code of Audit Practice, the Local Audit and Accountability Act 2014 and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the group and Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Chief Financial Officer's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Group's and the Authority's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Chief Financial Officer with respect to going concern are described in the relevant sections of this report.

The going concern basis of accounting for the Group and the Authority is adopted in consideration of the requirements set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2020/21, which require entities to adopt the going concern basis of accounting in the preparation of the financial statements

Other information

The other information comprises the information included in the statement of accounts, other than the financial statements and our auditor's report thereon. The Chief Financial Officer is responsible for the other information. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. .

We have nothing to report in respect of these matters.

Chief Financial Officer's responsibilities

As explained more fully in the Chief Financial Officer's responsibilities statement, the Chief Financial Officer is responsible for the preparation of the financial statements in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2020/21 and for such internal control as the Chief Financial Officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Chief Financial Officer is responsible for assessing the Group's and the Authority's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting on the assumption that the functions of the Group and the Authority will continue in operational existence for the foreseeable future.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting non-compliance with laws and regulations, including fraud

We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of non-compliance with laws and regulations, including fraud. The extent to which our procedures are capable of detecting non-compliance with laws and regulations, including fraud is detailed below.

We considered the nature of the Group and its control environment and reviewed the Group's documentation of their policies and procedures relating to fraud and compliance with laws and regulations. We also enquired of management about their own identification and assessment of the risks of non-compliance with laws and regulations.

We obtained an understanding of the legal and regulatory framework that the Group operates in, and identified the key laws and regulations that:

- had a direct effect on the determination of material amounts and disclosures in the financial statements. These included the Accounts and Audit Regulations 2015, the Local Government Act 2003, the Local Government Finance Act 2012 and Local Government and Housing Act 1989.
- do not have a direct effect on the financial statements but compliance with which may be fundamental to the Group's ability to operate or to avoid a material penalty. This included relevant employment legislation.

We discussed among the audit engagement team including relevant internal specialists such as valuations specialists regarding the opportunities and incentives that may exist within the organisation for fraud and how and where fraud might occur in the financial statements.

In common with all audits under ISAs (UK), we are also required to perform specific procedures to respond to the risk of management override. In addressing the risk of fraud through management override of controls, we tested the appropriateness of journal entries and other adjustments; assessed whether the judgements made in making accounting estimates are indicative of a potential bias; and evaluated the business rationale of any significant transactions that are unusual or outside the normal course of business.

In addition to the above, our procedures to respond to the risks identified included the following:

- reviewing financial statement disclosures by testing to supporting documentation to assess compliance with provisions of relevant laws and regulations described as having a direct effect on the financial statements;
- performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- enquiring of management and in-house legal counsel concerning actual and potential litigation and claims, and instances of non-compliance with laws and regulations; and
- reading minutes of meetings of those charged with governance and reviewing internal audit reports.
